Train & Co's Line.
ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice that they have made extensive arrangements with the Western Rail Road Corporations, in connexion with the Rail Roads in the Western States, and Steamboats on the Lakes, for the forwarding of *pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre paid certificates of passage* as follows:

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the abovenamed prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the ONLY LIVERPOOL AND BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

DANIEL WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,

These Ships, when in the Line, sail from Boston on the 5th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

These magnificent Ships are ALL AMERICAN BUILT and constructed expressly for Packets. They are all new and of the FIRST Class, being built on the most improved principles and of the best materials. They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who prepay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with persons who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

PATENT MEDICINES.

MEDICATED INHALATION.
A NEW METHOD.
A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

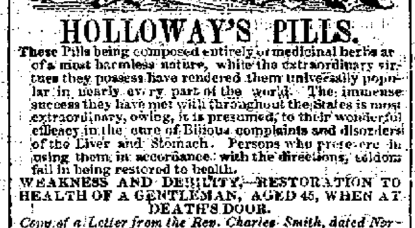

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2 1yd&w

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norley, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow, by nightly perspiration and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and even declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:—

One Hundred Years Ago.

Dear Sir—Two months since, I never expected to write such a letter as this, to say that I am clear of the Rheumatism. I hardly know what to say or how to account for it after suffering for the last seven years the most excruciating pains man can endure. At every coming storm my whole body and joints were in the greatest torment man can bear, and somehow or other, it always appeared to me as if nobody pitied a man with the Rheumatism. Now I will also state, while on this subject, that the Rheumatism was a pitiful inheritance of my ancestors. I remember some thirty years since, when my father lay crippled on his bed with this disease, and of hearing him tell that his father and grandfather some 100 years ago, were melancholy afflicted in like manner. But now I can tell you I ask no pity from any man on that score, as I can do as good a day's work as I ever could.

I used only three small bottles of your wonderful Mustang Liniment, and now feel like myself again. Thanks to you and your invaluable Liniment.

Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever sores on the leg or sides, that have resisted all other treatment.

One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.

One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.

One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

☞ *Cure of Salt Rheum of Ten Years' Standing.*—A lady residing near Lyme, Oswego Co., N. Y., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine; I used about four bottles of your Liniment and am now as well as I could wish for."

☞ *A Cure of a Severe Scald.*—Eight days ago an engineer working in a foundry in the upper end of the city, that some mishaps, got his hands and face badly scalded, so much so that the skin came entirely off. He suffered the greatest pain until the wounds were dressed with the Mustang Liniment and wrapped up in cotton batting, which, as soon as done, the pain ceased and that patient fell into an quiet and peaceful slumber!

We learned on yesterday that he is now well and attending to his business as usual! Such facts are worth remembering. The Mustang Liniment is warranted to cure any disease requiring an external application.

It is put up in bottles of three sizes, and retail at 25 cents, 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger size.

For sale by A. G. BRAGG & CO., sole Proprietors—Principal office corner of Third and Market streets, St. Louis and 304 Broadway, New York.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fess, Jr, and A. F. Clark

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.
There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.
It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.
It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

The Homestead Bill.

By a gentleman from Madison, we are assured that the Homestead Bill had passed both Houses of Congress: and if that is the case, the signature of the President is certain. Under this Bill, of which a correct copy was published in the *Spirit* of the 29th of March, Northern Wisconsin will settle much more rapidly than by the old system.—*Waupaca Spirit.*

The *Spirit's* informant was in error. The Homestead Bill still lingers in the Senate. Adverse influences delay its consideration and will, we fear, defeat its passage in that body. The organized band of Land Pirates, who seek to enrich themselves and build up their private schemes, at the expense of the public and by the robbery of the People's heritage, oppose this Homestead Bill as fatal to their projects. The advocates of Slavery and Slavery-extension, who know that without Government help and protection, the "peculiar institution" cannot live and flourish by the side of Freedom, make war upon the Homestead Bill as calculated to give the Free Western States a vast advantage over their Slavery-ridden neighbors. The "old Fogies" of the upper House of Congress, who look with anxiety, if not apprehension, upon the rapid development of the Great West and have not yet learned that whatever helps the West helps the East also, give the cold shoulder to the Homestead Bill, in the mistaken idea that it benefits one section of the country to the injury of another. Finally, the immense army of speculators, claimants and cormorants who are besieging the capital, and who look upon the Treasury and the Public Lands as legitimate objects of plunder, will fight to the uttermost a bill which prefers the interests of the MANY to those of the FEW; which provides "Homes for the Homeless and Lands for the Landless;" which takes care of the poor and helps the actual settler, and which, for once, reverses the usual maxim and practice of Governments and dispenses benefits and blessings to all alike. Such is the opposition, and such the odds which the Homestead Bill has yet to encounter and overcome before it can pass both Houses of Congress. If it shall triumph over all and become a law, in spite of these apparently insurmountable obstacles, the Great West should keep a day of Thanksgiving, and Freedom hold a General Jubilee.

THE BANE AND THE ANTIDOTE.—The Janesville *Gazette* publishes a long memorial to Congress, praying for a grant of Lands to the Valley Road Company, filled with abuse and mis-representation of Milwaukee and the M. & M. R. R. Company, and charging to Milwaukee jealousy and hostility all the opposition which the Valley company and their Land Grab have encountered.—The same paper furnishes an answer to this very charge by stating the fact that "*a remonstrance* against the grant of land to the Valley road is circulating and being signed in Beloit." This, of course, is by no possibility chargeable to "Milwaukee opposition," BELOIT being a near neighbor of Janesville, in the same County and in the Rock River Valley. We are entirely content to oppose the remonstrance from Beloit to the memorial from Janesville.

The Fond du Lac *Union* is quite exercised at the *Sentinel* for its charges against the Legislature of extravagant and unconstitutional appropriations. It comforts itself, however, with the reflection that, "this howling at a democratic legislature by the whig papers is to be expected." The *Union* has probably discovered, ere this, that the "howling" of which it complains is universal throughout the State; "Democratic" as well as "whig papers" joining in the cry. Indeed the *Union* itself, while scolding us for saying aught against the Legislature, permits a correspondent to "howl" at it in this wise:

"Chief among these errors I would refer to the enormous tax which the legislature have decided to levy upon the state, and made necessary by *enormous appropriations, in many cases useless and wantonly extravagant.* A state tax for the coming year of $225,000!! some $50,000 more than the six mills tax of last year, the pretext for which was the heavy expense of the impeachment trial. A state tax of $225,000!! and why? That question will be asked by many a tax payer as he divides the means of clothing his children, and pays over a part to the collector. That question will have something to do with the choice of a home by emigrants to the west, and I fear will divert more emigration from us than our expensive emigrant agency can bring to us."

THE EMIGRANT COMMISSIONER.—The *Wisconsin* which seems to approve of Gov. BARSTOW's veto of the Emigrant Agency bill—thereby continuing an office which the Legislature and the People desired to abolish—remarks as follows upon the selection of Speaker HORN for this post:

Mr. Horn was Speaker of the Assembly—and no one doubts his qualifications. As a German he is conversant *with the language*, while his extensive acquaintance with all parts of Wisconsin, will enable him to give correct information to the immigrant. Herman Haertel has discharged the duties *most faithfully*, and Mr. Horn can wish no better name than to discharge its duties with *equal industry and fidelity.*

Can the *Wisconsin* tell us why Mr. HAERTEL, who has discharged the duties of this office so "faithfully," was laid aside to make room for Speaker HORN?

A SENSIBLE PRECAUTION.—The Louisville *Courier*, a democratic paper, says that Douglas, on being informed that the President had intimated that opposition to the Nebraska bill would not be regarded as treason, said:

"I anticipated that he would *faint*, and secured his official signature, adopting it as an administration measure. He may now back out and be d——d."

That was a prudent precaution, certainly.

WAUPACCA SPIRIT OF THE TIMES.—Messrs. J. B. & C. E. REDFIELD publish at Waupacca, in the midst of a people and country rapidly increasing in wealth and general prosperity, a weekly paper with the above title. That country is easily accessible this season by steamers from Fond du Lac for most of the distance, and our merchants will do well to remember the *Spirit* in making out their advertising lists.

THE FIRE AT BELOIT. The late fire at Beloit seems, from a statement in the *Journal*, to have been more serious than at first reported. The losses are now given as follows:

E. D. Murray, store $7000—no insurance.
A. B. Carpenter, " $5000—$4600 insured.
" " " $1500—$500 "
Keys & White, stock of goods, loss covered by insurance.
A. B. Carpenter, dwelling &c. $600,—$200 insured.
Bradley & Pelton, $500—no insurance.
Dr. Story, library &c.,—no insurance.
Crozier & Castle, lawyers, $2500, "

The *Journal* calls for a fire-Engine, so that hereafter something may be done to stay the ravages of such conflagrations.

MOB LAW ATTEMPTED AT ST. LOUIS.—The night after Mrs. Baker, who shot Hoffman in St. Louis, was placed in confinement, a mob collected about the jail and attempted to break in with the view of taking summary vengeance. The fire bells were rung, the military were called out, and a large crowd hastened to the jail. A number of pistols were discharged by the mob at the police, who returned their fire. Capt. Cousins was seriously wounded by means of a slung shot. The military arrived and dispersed the rioters at the point of the bayonet. At the last accounts there had been no further disturbance, neither had there been any arrests.

Railroads--Milwaukee "Policy."

The Fond du Lac *Union* copies from the Chicago *Press* a lengthy article, making various misrepresentations relative to the course of Milwaukee concerning railroads in this State. The *Union* says;

It is a well merited rebuke to the selfishness of Milwaukee, which insists that no railroads shall be built, running through our State to Chicago, and that all Northern, Central and Western Wisconsin, must be tributary to the Lake Shore, alias Milwaukee. We are glad to see the able editor's in the Green Bay Advocate and the Janesville Standard repudiating this doctrine, and trust that the press and people of the interior of our State will speak out, and insist upon their right to build such roads as they please, and denounce the mean selfishness of Milwaukee in endeavoring to defeat their construction, or rob them of their charters, as in the case of the Wisconsin Central Company.

From the *Press'* article we extract the following:

The hostility of Milwaukee to the Rock River Valley Road is based on this illiberal principle.—From the first she has thrown every obstacle in its way—has tried to break down its credit abroad—has fought it in the State legislature; and more recently, has aided in the effort to prevent a grant of land from Congress. A similar policy has been pursued by Milwaukee towards the Wisconsin Central railroad. She has even lent her countenance to an attempt to repeal its charter during the present session of the Legislature.—The interests, desires and rights of the extensive and populous country engaged in opening this important outlet to the Atlantic seaboard, are to be sacrificed to the petty interests and selfish considerations of the city of Milwaukee.

A Correspondent of the *Press*, subscribing himself "Wisconsin," corrects in a clear manner several of the misrepresentations of that paper.—We have copied the articles above, for the purpose of correcting others.

And *first* for the *Union*. Milwaukee has not insisted that "no railroads shall be built running through our State to Chicago, and that all Northern, Central and Western Wisconsin must be tributary to the Lake Shore, alias Milwaukee." Nothing of the sort. Milwaukee has been earnestly at work, for years, and years of hard times too, in endeavoring to secure the mutual benefits resulting to town and country from railroad connections. And so have other lake shore towns been laboring for the same good end. Rivalry must necessarily exist between us, but it is a fair and honorable rivalry. So too, all of these lake shore interests in Wisconsin must be, from the nature of the case, rivals of roads leading north and south, out of the state. In all honorable rivalry, Milwaukee and the other lake ports must meet these competing roads. Milwaukee has considerably over a million dollars invested in roads leading hither, and she will, to the best of her ability, protect herself. The extent of her "opposition" to railroads is just such as meets the approval of the Editor of the *Union*, in his notice of the proceedings of a public meeting in Fond du Lac to consider the subject of aiding the Sheboygan and Mississippi R. R. The Editor says of the speech of Mr. Eldredge;

In the course of his remarks Mr. Eldredge called the attention of the meeting to the necessity of our protecting ourselves from being *cut off* by the Horicon and Berlin Road, and stated that we could not so effectually defeat the success of that project, as by aiding this enterprise. On this and other points Mr. E. was pertinent and eloquent, and we we were gratified to see the hearty applause with which his sentiments were received by the assembled multitude.

It being recognized as fair policy in Fond du Lac to protect herself, we are at a loss for a reason why such a policy is not as fair for Milwaukee.

A few words as to the Chicago *Press*. Waiving the consideration of the good or ill grace with which such articles come from Chicago,—which of its own means has never done one quarter as much to give the country railroad and plankroad connections as Milwaukee has done,—we have to say that the "opposition" of our city to the Valley Railroad has been a legitimate and fair one from the beginning. If it has been sharp and severe, it is just because the case demanded it; for such shameless falsehoods, misrepresentations, downright swindling and cheating, as have marked the history of that company, have never been paralleled in this or any other country, as is proved by ample evidence a hundred times, and acknowledged by hundreds, most interested in the construction of the road, and at the very doors of its leading corporators. Milwaukee *did* aid in defeating the project in Congress, by which Government was asked to put a vast power into the hands of such a Company, to enable it to compete with the private enterprises of the Lake Shore towns; and we have reason to rejoice in our success, and have received the congratulations of many of the leading presses of the State, not interested for or against us.

With regard to the Central Railroad business, we have at present only this to say: that the bill repealing the charter of that road did not originate in this city—that it was drawn by one of the leading agents of the *Rock River Valley Road*, aided by another whom we know—that an attempt was made to get a gentleman from Milwaukee to draft the bill, entitling it by section so that a trap might be sprung upon the Assembly—that this gentleman utterly refused so to draft it; that the conspirators, whose intention it was to exasperate our Walworth County friends against Milwaukee, then prepared their trap, went to a member from Milwaukee with it—assuring him that nothing had yet been done upon the road, and showed him a paper containing, as they said, the names of 15 Senators pledged to put the repealing bill through in Senate. *In fact*, but one of the 15 so voted. These, we are assured, are the facts in that case, easily susceptible of proof. The men who concoct and carry into effect such games as that, are the men, against whom and their allies Milwaukee has to contend, for her own protection. They will be found out, sooner or later.

Judicial Election—7th District.

The Waupaca *Spirit of the Times* brings us further details of the judicial election in the new 7th district, Messrs. CATE and HANCHETT, both good men, being the candidates. In Waupaca Co. the *Spirit* thinks Hanchett will have a small majority. We have the following figures;

Waupaca County.

		Hanchett.	Cate
Weyauwega,	maj.	49	
Lind,	"	35	
Mukwa,	"	57	
Waupaca,	"		13
Farmington,	"		73
Scandinavia,	"		33
Royalton,	"		22
Micklejohn	"		15
Dayton,	"		32

Two towns not heard from. It will be seen that Hanchett's majority, in towns heard from, is 19. The Embarrass, and the new town on the east, will not reduce Hanchett's majority to less than 10, and they may swell it to 30. A private letter received by us, puts Hanchett's majority in Portage County as estimated at 50. Waushara County, so far as we have heard, gives a majority for Cate. Marathon will return Cate a majority, without doubt, and Adams is relied on confidently, by the friends of Cate, ditto Hanchett. It is impossible to decide which of the two candidates is the successful one.

P. S. A report from Mukwa puts a different complexion upon the election. Cate has 2 majority, instead of Hanchett 57. This County will give Cate 50 majority. His election is certain.

M. & M. RAILROAD—PRAIRIE DU CHIEN.—The Crawford Co. *Courier* copies Mr BRODHEAD's statement and estimate of the earnings of the Milwaukee & Mississippi R. R. together with our comments thereupon, and adds:

To the above cheering assurances of the prosperity, present and prospective, of "our road" we are happy to be able to add that, at the last meeting of the Board of Directors, it was resolved to locate the depot and commence the grading at this end of the route, early this Season. Mr. Brodhead and other engineers may be expected here for that purpose very soon.

We subjoin an item from the Sentinel of the 7th inst., in relation to the Oakland and Ottawa railroad which terminates opposite Milwaukee, and may be considered a part of our enterprise. When this road and the M. & M. R. R. are completed, Prairie du Chien will have a route to the Atlantic cities shorter by at least 150 miles than any other point on the Mississippi.

NAVIGATION ON THE WISCONSIN RIVER.—The Portage City *Republic* of the 11th. reports the arrival of the steamer *Clarion*, Capt. Gubbutt, at that city from Galena, being the first boat of the season.

For the Sentinel.

MAUSTON.

Messrs. Editors:

Among the thriving villages springing up in the North West, there is one to which I wish to call the attention of your readers, some of whom, it is not unlikely, may be looking out for new fields of enterprize. The village I speak of is MAUSTON, on the Lemonwier River, a village lately laid out by Col. M. M. MAUGHS, at the place heretofore called Maughs' Mill. The excellent water power there led to the erection of Mills and an extensive Lumbering business, while the surrounding country was still a wilderness, but the rapid influx of people within the past two years has necessitated the laying out of a village, and it is destined soon to become an important point. The village is situated on the N. W. ¼ of sec. 7, T. 15, R. 4—about 21 miles N. W. from Delton, and 40 from Portage City, on the state road from the latter place to La Crosse. The line of the La Crosse Rail Road, as surveyed by Mr. Vliet, passes near the village plat. The water power is one of the best in the state, and the Pinery on the river above is inexhaustible. The location for a village is a very eligible one, and it is in a course of rapid improvement. Mechanics and laboring men of all kinds are in great demand, and strong inducements are offered to them to settle there.

For Agricultural purposes, the surrounding country may safely be ranked among the best in this or any other State.

I know it has been a common impression heretofore that there is no country good for any thing north of the Wisconsin, but this is a great mistake, as every body knows who has been there.—The fact that emigrants are pouring in there more rapidly than any other part of the state, is sufficient evidence of this. The soil is generally sandy, but not to an injurious extent, except in a few places. And indeed, I believe it is the universal opinion of those who have cultivated sandy farms in Wisconsin, that they are the most productive and profitable of any. Generally the soil is rich, warm, and very easy to till, and the oldest farms are the best. The country is composed of prairies and openings, with a somewhat larger proportion of timber than in the Southern part of the state. It is also somewhat more hilly, and there is more stone—in masses, not in the way of gravel and boulders. The water is excellent—trout brooks abundant. In beauty of scenery this region far surpasses the southern part of the state. There are in many places high hills and rocky bluffs rising up from the level of the plain, in some places almost perpendicular.—These are often crowned with pines, and are conspicuous from a great distance. The Dells themselves are a world of romance—bearing considerable resemblance to the banks of Niagara river below the Falls. In traveling through the country, one sees at a glance as well the marks of thrift as of promise. No log houses or brush fences deform its natural beauty. Lumber is cheap, and the people use it. The houses, fences, and improvements look much better than in some of the old settled counties, and the country seems to be nearly as thickly settled. The people are mostly Americans from the Eastern States, and a superior class.

One word about Col. Maughs, whom I happen to know very well. He is truly one of nature's noblemen. A Kentuckian by birth, he removed to Galena when young, and resided there for 30 years. It was there that I knew him. He carried on a large lumbering business, and was for years one of the most intelligent, enterprising, and influential citizens of that busy city. Gentle as a woman, yet resolute as Andrew Jackson—a prudent, and far-sighted business man—a wise counsellor—a generous and efficient patron of every good work—such was Col. Maughs as I knew him at Galena several years ago—but, to add greater honors to his age, such he appeared no less unmistakeably as I saw him a few months ago up beyond Baraboo in the coarse sheep's gray dress of a lumberman, taking some castings home for his mill, with an ox team.—No man need be afraid of "getting beyond civilization" so long as such men are ahead of him, bearing the burdens and conducting the enterprises of the new settlements.

In conclusion, I would recommend every one going to the North-West, to look at Mauston, and to call upon the intelligent proprietor, and they may be sure, that, whatever else they may miss, they will not fail to receive a hospitable reception and valuable information. T.

Niagara Ship Canal.

Although we are aware that the Press of Michigan is abundantly able to take care of Senator Stewart of that State, yet we cannot refrain from expressing our surprise at that gentleman's course in regard to the Niagara Ship Canal. It would seem that every representative in Congress from the West should be in favor of this great and truly National work—a work which our Government, following the enlightened policy of the British Government, should have constructed years ago.

We are not aware that any considerable opposition to this work has been manifested from any quarter except from the city of Buffalo.—But even this opposition has been, we believe, entirely withdrawn, since the Legislature of New York has provided for the enlargement of the Erie Canal.

The constantly and rapidly increasing business and commerce of the west demands every possible facility for communicating with and reaching the markets of the East. That commerce will fill every channel that can be opened for its eastward exit.

And since the State of Michigan, in a precisely parallel case, has received the aid of the General Government, by a large donation to the Saut St. Mary's Canal, it seems particularly ungenerous in Senator Stewart to oppose a similar appropriation to aid in constructing another link in the same great chain of Lake and River Navigation. The chief objection urged against this grant by Senator S. would seem to be fallacious, for Congress granted lands to the State of Michigan expressly for the St. Mary's Canal, and what objection can there be to making a similar grant to the state of New York for a like purpose? We hope Congress will yet view this subject in its true light and make a liberal grant of lands, not only for the N. Ship Canal, but also for the Erie Canal. NEW-YORKER.

Milwaukee, April 14, 1854.

AN OPINION OF THE LATE LEGISLATURE.—As impartial chroniclers it becomes our duty to say, that the Press of the State is not *entirely* unanimous in condemning the course of the late Legislature. We find, here and there, an exception. The Shullsburg *Pick and Gad*, for instance, over the initials of one of its editors, DR. BUGH, thus discourses:

Our Legislature has adjourned after a session of three months' duration, an event as ardently desired by the members as it was gladly received by the people. Although there is no distinctive feature of State policy that will mark the past convention of the peoples' representatives as of extraordinary importance, it will stand in the history of our State *as unimpeachable in all that pertains to industry and devotion to the objects for which it assembled.*

* * *

From a close observation of legislative proceedings for the past four years, most of which time we have been connected with the Senate, we pronounce the late session *the most harmonious and efficient within our knowledge.*

The Administrative and Executive have conducted themselves faithfully and to *the satisfaction of their constituents and of community.*

Of course, the immaterial circumstance that the Doctor was Secretary of the Senate, and has since been appointed Commissioner to locate the State Lunatic Asylum at Madison, could have had no possible influence in coloring this opinion.

A delegation left here yesterday *en route* for Elkhorn, to be present at a meeting of the Wisconsin Central Railroad, held to-day to take into consideration the most feasible route to locate the road from Whitewater to Columbus. Other delegations from Fort Atkinson and Lake Mills, it is supposed will also be there to represent their interests in said road.—*Jeffersonian.*

Fox and Wisconsin Rivers Improvement.

Having received from a member of the Improvement Co., at Green Bay, a communication (*published below*) in answer to certain statements made by Mr. Knowlton's Report of the Judiciary Committee in Assembly, relative to location of lands &c., we make room, with some difficulty, for such portion of that report, as will render the reply intelligible:

REPORT.

The Committee on the Judiciary, to whom was referred the Memorial of Thomas Reynolds, relative to indebtedness against the Fox and Wisconsin Rivers Improvement Fund, have considered the same, and a majority have instructed me to report the bills herewith submitted.

They have also instructed me to report the following facts, which, upon investigation, have come to their knowledge, and are mainly set forth in the report of the Secretary of State, pages 17, 18, 19, 20. It appears by the report of the Hon. Charles D. Robinson, late Secretary of State, that the Fox and Wisconsin Rivers Improvement Company, incorporated by the legislature in the year 1853, selected land to the amount of $68,342,62.

This law, in a few words, appears to be, that the company were to file with the state treasurer certain public stocks, or evidences of indebtedness against the Fox and Wisconsin Rivers Improvement Fund, duly cancelled, &c., or deposit money with the treasurer, and upon so doing the company were authorized to select lands granted by Congress to aid in the improvement of the Rivers above named, &c., to an amount equal to, and not exceeding, the amount of money deposited, or stocks, or evidences of indebtedness above mentioned, duly cancelled. The company, it appears, filed with the treasurer, papers, of which copies are herewith submitted, and upon this basis made a selection of lands at $1 25 per acre, amounting to the above sum of $68,342,62. It appears that the secretary, with those papers before him, filed the list of lands selected. This act was obviously wrong, and highly improper, for the following reasons, if no others could be assigned. 1st. The amount of $52,802,64 appears to be a certificate of two of the Commissioners of the board of public works that this amount was due to divers persons named for work, at certain places named. Whether evidences of indebtedness had been issued to these persons does not, but should have appeared, and if so, the same should have been cancelled and filed with the treasurer, or those persons should have cancelled the sums due them respectively on this certificate, none of which appears to have been done. The copy of this certificate is marked "Exhibit B.," and hereto appended "Exhibit C." is a certificate of the same commissioners that Morgan L. Martin was entitled to receive from the Fox and Wisconsin Improvement Company the sum of $16,545,-45, on account of the sums therein specified.—This contains a cancellation over the signature of Mr. Martin. But for aught appearing, evidences of indebtedness may have been issued to Mr. Martin, and by him transferred for value. But again, it is difficult to understand how these items were indebtedness that might be cancelled under the act of incorporation. "Exhibit B," bears date July 28, 1853, and "Exhibit C," July 26, 1853.

Of the whole amount herein first named, it appears that $46,282 80 was due to Mr. Martin, all of which undoubtedly accrued to him under his contract made some two or more years ago.—Under this contract, Mr. Martin was not to be paid anything until all preceding contractors were fully paid, which has never been done:—or if so, the evidence of this fact is not apparent—in truth, it has not been done to this time—Upon the whole it appears, that of the whole matter of supposed cancelled indebtedness, only $300 56 was properly allowable for the purposes of acquiring title to land under the act incorporating said company, and other laws applicable thereto; so that it appears that lands to the amount of $689,042 06 have been taken, or attempted to be taken, without "value received." The copies show that the sum of $69,648 65 was claimed to be indebtedness cancelled. These copies were procured by the committee from His Excellency the Governor, the original not being found in the office of the treasurer or secretary of state—none of the officers or clerks having seen (to their recollection) the originals since they were passed over to the late secretary.

There seems to be something about the foregoing matters so difficult of comprehension as to be inscrutable to common judgment. The committee have therefore thought proper to present this skeleton of the subject for the purpose of eliciting attention, to the end that such action may be taken as public interest demands.

All which is respectfully submitted,
JAMES H. KNOWLTON, Ch'n.

[Here follow copies of records referred to]

Our Correspondent writes as follows:

Messrs. Editors:

I have before me the report of the Judiciary Committee of the Assembly of Wisconsin, the Hon James H. Knowlton Chairman. Can you tell me why such a tissue of misstatements and false inferences should have sprung from such a source? Why were not explanations asked about those matters "so difficult of comprehension as to be inscrutable to common judgment," from some one of the various members of the Improvement Company who at various times visited Madison during the session of the Legislature?

The Report states that "the amount of $52,802 64-100 appears to be a certificate of two of the Commissioners of the Board of Public Works that this amount was due to divers persons named for work at certain places named." So they do, and that so plainly that no one can deny it.—They are certificates of *amounts due*, and therefore evidences of indebtedness, and from the date of them undoubtedly a part of those accounts provided to be paid by the Company by the 7th sec. of the Act of Incorporation which provides as follows—"and provided that after this act takes effect as above the Board of Public Works shall continue to exercise the duties required by law for the period of 30 days, so far only, as to audit and allow all claims and demands for work done, and services performed by direction and employment of said Board, and *the claims so allowed shall constitute a portion* of the debts and liabilities to be paid and discharged by the said Company."—Now upon reference to the report it will be seen that they bear date scarcely ten days after the act took effect.

The report again states—"under this contract, Mr. Martin was not to be paid anything until all preceding contractors were fully paid, which has never been done, or if so, the evidence of the fact is not apparent, in truth, it has not been done to this time." Erroneous every word. The contract *was not* so worded, the preceding contractors *have been* fully paid, and the evidence thereof *is on file in the office of* the Secretary of State, (see his report page 18.)

I am aware that Ex-Gov. Farwell held that the contract was so worded as to allow such an interpretation; but some of the best lawyers in this State held a contrary opinion *as also both parties who signed the contract;* but in any event it is not now important, as the prior contractors released the state from all claims, and the act of incorporation, which is the only act governing the Company *does not*, make any preferences in relation to the particular debts to be first paid and repealed all former laws upon the subject.

It is an uncalled for attack upon the Board of Public works to insinuate, that they would be guilty of twice issuing certificates to any contractor for the same work. From my idea of their way of doing business, they would not issue a warrant to pay a previous certificate without cancelling the certificate, and I see no reasons why they should take the trouble to make a report stating that they had not departed from their general rule, and the certificate referred to being for money due to certain contractors, and the release of those contractors; for all claims, being on file, obviates all necessity for a receipt or release being put upon that particular certificate.

The report having found so much fault with the first deposit of cancelled indebtedness might have done the company the justice to at least refer to some ten or fifteen thousand Dollars of warrants cancelled, similar to the one of three hundred Dollars which they so much approved of. They were on file and might have been noticed had the committee been so disposed. Why they did not, they know better than I.

But of all the lands yet selected by the company but about fifteen hundred acres have been sold, and yet they have paid out upwards of one hundred and fifty thousand Dollars already and are prepared with the funds for the completion of the whole work. Yours, A SUBSCRIBER.

MILITARY.—The Fond du Lac *Union* congratulates the world in general upon its good fortune, and its fellow-citizen A. D. Bonesteel, Esq., in particular, for the good judgment exercised by the Governor, in appointing the latter one of his Aid-de-Camps, with the rank of Colonel.

Police Court, April 15.

CHARGE OF PASSING COUNTERFEIT MONEY.—The man who was named in the complaint as John Eddy (alias) was brought down from jail to be examined for passing a counterfeit bill of one dollar on "the Bank of the People, Lowville, N. York." The defendant on being asked gave his real name as Wm. W. Pratt. The complainant testified that defendant came to his saloon with another and called for something to drink, he had two glasses of brandy and passed the bill which he identified and received seven shillings change, that he afterwards discovered it was bad.

Sheriff PAGE, being sworn, testified to having suspected the defendant, and searched him thoroughly at his room, on the 13th, finding only some 60cts, in silver, upon him, but he learned that he had passed some of the suspicious bills.—Defendant was arrested the day previous when on his way out of town, and one of these bills found upon him. He said he had not passed any bills at all in the city, and that he knew this bill was bad, but he had taken it below Janesville.—The Sheriff asked him where this bill was when he searched him before. Defendant insisted that it was in the same pocket but was overlooked, and told several stories about himself at variance with each other. When the Sheriff first searched him, he had voluntarily remarked that "no counterfeit money would be found upon him."

L Capron, testified to defendant's having paid out a bill at a saloon, and another a short time afterwards. Witness identified the complainant as the person upon whom the second bill was passed. (*This* bill was upon the People's Bank.) Defendant has asked witness to go and get this bill from complainant, promising to make it all right.

Mr. Papendiek testified to the bad character of the bill, as a banker.

Deft's counsel, Mr. Corson, argued at some length to prove that no such knowledge was proved on the part of his client as to charge him under the statute, but the justice held otherwise, and held the accused to bail in the sum of $15,-00, in default of which he was committed to jail.

The case of the state vs John Galligan and Mary Galligan his wife for assault and battery upon Hun Droyer, was set down for this morning The defendants demanded a jury of six and venire issued for their appearance at 9 A. M. to-day.

A warrant was issued against Hun Droyer for assault and battery upon Mary Galligan on the 13th of April. The warrant was served upon the defendant, the officer holding her in his custody till trial.

THE STATE FAIR.—We are glad to hear that the committee appointed by the Board of Trade to take measures for securing the location of the next State Fair at this point, have so far succeeded in raising the necessary amount of money as to feel warranted in pledging to the Society the sum of $1000 as a *bonus* for said location. An additional amount, however, will be required to meet the contingent expenses of the fair, and we hope those of our citizens, who have not yet subscribed to the Fund, will do so without delay. As all are to be more or less benefitted by the holding of the State Fair at this point, it is but right and fair that each one should contribute, according to his means, towards defraying the necessary expenses.

The committee (consisting of Messrs. S. S. DAGGETT, JOHN NAZRO, Jr., and A. L. KANE) have already called upon many of our citizens for subscriptions and will do so upon others, as opportunity offers. But it will save both time and trouble if those, who have not yet subscribed, will, without waiting to be called upon, themselves call upon the committee and give what they can spare towards the State Fair Fund.

Marine Memoranda.

The North East gale which has been blowing steadily for three days, gave some symptoms last evening of dying out. The wind and sea, together, have made very heavy weather outside and a number of Vessels, bound down, after knocking about the Lake for a week or more past, were glad to run into our Harbor yesterday. The Brigs *Sandusky, J. T. Scammon*, and *Belle* and Schooners *Calcutta, Fashion* and *M. Hilliard*, all grain-laden and bound from Chicago to Buffalo, came into the river, during Saturday night and yesterday. The *Fashion* was leaking badly and the *M. Hilliard* considerably. The latter vessel lay all night off the South Pier, pounding occasionally, and carrying away some of her sails and rigging. A dozen or more of the Captains in port turned out yesterday morning, went on board the *Hilliard*, and helped work her round inside. The Captain has entered protest.

The Schooner *H. Norton*, loaded with Lumber, came in yesterday, having lost her deck load overboard. The Propeller *Buffalo* still lay at anchor, last night, under the lee of the North Point.

CHILD FOUND IN THE RIVER.—The body of a child was found by some boys, in the river near the foot of Tamarack street on Saturday. It was tied up in a bag and had on a shirt. An inquest was held before Justice *Bode* on the body. Drs. McNight and Ortally were present, who gave it as their opinion, that the child come to its death, by bleeding at the navel string, caused by gross carelessness, or criminal intention, on the part of the mother. No clue has yet been obtained as to who is the mother. The child was said to be a day or more old, and to have been born alive.

SHOOTING INTO A HOUSE.—On Saturday night, about 11 o'clock, the house on the corner of Huron and Van Buren Streets was fired into several times by pistols. It appears that some men called there to obtain lodgings and were refused, and after some altercation they left, breaking in the windows with bricks, &c. After sometime, two shots were fired through one of the bed room windows, a bullet passing through the stove pipe. Several other shots were fired from guns and pistols—upwards of fifty buck shot and bullets were found in the clapboards and inside the building. It is supposed to have been done by strangers in the city, as no one knows the parties.

NEW STEAMER.—The Galena *Advertiser* has a glowing description of the new steamer *War Eagle*, of the Galena and St. Paul line (advertised in our columns.) On her first trip up from St. Louis, carrying 250 tons of freight and a host of passengers, she drew less than 30 inches water. The *Galena*, another superb boat, is expected up immediately.

WALKERS POINT BRIDGE.—The *old* Bridge Walkers Point was run into and finally used up, on Saturday, by the Schooner *Sam Hale*, on her way down the river. The damage is of less consequence as the new and handsome Bridge at that point is very nearly completed, and will be ready for use by Wednesday next.

THE NORTH EASTER. All day Saturday the wind blew down from the same Arctic regions, and kept the waves tumbling in shoreward, and over the piers,—and set the water in the river to mimicking the muss outside,—and rolled the heavy grain-laden vessels against each other—and started the cars off on their own account on the track—and blew the dust into people's eyes, in a most unseemly manner. It struck the wires beyond Waukegan, and prevented us from getting news thereby. It snubbed the good steamer *Collins* as she started out of Chicago, and she shook herself, turned about and travelled back again. So all the world that wishes to see Milwaukee was disappointed for the time.

The propeller *Westmoreland*, still sullen on account of her bad treatment last fall, and the handsome *David Furguson*, and the *Kirke White*, and the snug little steamer *Fashion*, had to lie and chafe in port. Better off they, however, than the propeller *Buffalo*, which "lay, all the day, in the bay," rolling and tumbling in beautiful style (to look at), while a large brig, doubtless one of the early craft from Chicago, kept her company.—Pleasant times out there!

The wind, screaming and soughing about and through our window sashes, told us all about Dr Kane's setting up the stars and stripes on the North pole (long may it wave!)—and what the Eskimaux think of Philo White's prodigious speech—and how mine host of the "Soo" Hotel is getting ready for visitors—and how Martha Loomis sees without eyes—and a good many other things; but "the crowded state of our columns," &c., prevents us from giving the details; and after all, these things were but a poor substitute for telegraphs and three days' mails, now lacking.

The Clerk of the weather has evidently made a mistake in the season.

ACCIDENT ON THE RAIL ROAD.—The engine which drew out the freight train on Saturday evening broke down when near the crossing at Topliffs Tavern, detaining the cars. A messenger came in and another Locomotive fired up and went out to draw the freight train out of the way of the express train coming east. The cars did not arrive till 9 o'clock Saturday night.

BANK OF COMMERCE.—We were shown, on Saturday, specimens of the bills of the new Bank of Commerce, lately organized in this city, under the charge of Mr. PECKHAM late of Albany, N. Y. The bills are handsome specimens of engraving and the institution, which goes into operation to-day, will be a great help to our business men.

Milwaukee Daily Sentinel.

POINTED, VERY. The Waukesha *Democrat*, having been invited by the Sec. of State, in accordance with the act of the Legislature, to publish all the General Laws for the munificent sum of $30, thus responds to the invitation:

We do not know whether the Legislature intends to insult us or not, but, if not, we hope they will not feel insulted when we say they were confounded fools. When a body of men meet at Madison as legislators, (God save the mark!) and squander two hundred and sixty thousand dollars of the people's money, then try to steal all of the *people's land*, act as thieves, vagabonds, gamblers, until not only the people at large were ashamed of them, but many of them were ashamed of themselves—and then ask us to publish 99 general laws containing over 500 folios for $30! We believe they intended to put the sum so low that no paper would publish *their acts* for it.—We believe, further, that they did not wish the people should know anything of them.

CAPITAL PUNISHMENT.—By the present Legislature murder has been restored as a capital offence, and so not bailable, but the condemned is to be confined ten years in the state prison, and then to be executed on the warrant of the Governor, if he sees fit to issue one, though the issuing of it or not is optional with him. This secures the substantial ends of those opposed to the death penalty, and still obviates the objection against the law, that murder was rendered bailable by it.—*Beloit Journal.*

The Legislature did no such good thing as even this poor dodge of the capital punishment question would have been. The House passed the bill but the Senate refused to concur, and the bill fell through by the adjournment. Murder is still a bailable offence in Wisconsin.

One Hundred Dollars Reward.

Ran away last evening, about 4 o'clock, SARAH MARSHALL, a light mulatto girl about 20 years of age, with blue eyes and black hair, and might easily pass for white if not closely inspected.—She is of a medium size and well dressed, wearing some jewelry. Captains of ships, steamboats, &c. are cautioned against harboring her. The above reward will be paid to any person on returning her to No. 133 Barone St., or lodging her in any of the city jails.

THOS. J. FRISBY.

The age of chivalry has not gone, at least in the United States, as appears by such chivalric advertisements as the above in the New Orleans papers. Listen ye mothers, wives, and sisters of the North! Here is one of your sex, "with blue eyes and black hair, and might easily pass for white," advertised by a man as a runaway—worth a cool hundred if returned or lodged in jail! Her crime? The same that Warren died for and Washington triumphed in—the same as that the matrons and maidens of the Revolution, through eight long years, were the guardian angels of—love of liberty!

Are we not prepared to lend heart and hope to European Democrats when American men sell, scourge, lodge in prison, white girls with blue eyes and dark hair? Answer, Young America, with and without consulships!—*N. Y. Tribune.*

RACINE AND BELOIT RAILROAD.—We are pleased to be able to announce that the Racine and Beloit Railroad Company have contracted with SCHUYLERS, KETCHUM, & Co., for the entire amount of iron necessary to lay the track to this place, and for the rolling-stock needed for the same distance. Every thing in connection with this road is proceeding in the most expeditious and satisfactory manner.—*Beloit Journal.*

PROGRESSING.—A good deal of activity is going on in our village just now, in making preparations for erecting dwellings, stores and workshops. It is cheering to see new buildings going up, and old ones pulled down or removed for the purpose of erecting new ones in their stead. By the end of the summer and fall, we have no doubt that Jefferson will look very different from what it does now.—*Jeffersonian.*

A NOVEL ENTERPRISE.—The last Janesville *Gazette* says:

Our readers will recollect a statement last summer that A. E. Norris & Co. had purchased a large number of pine logs in the Wolf river country, which they designed to bring to this city and saw into lumber. We have now the pleasure to report a satisfactory "progress" of the enterprise. Three thousand logs are now at Horicon on their way to this point, having safely "weathered" lake Winnebago, crossed the Valley road from Fond du Lac to Waupun, again "weathered" lake Horicon, and are ready to take Rock river as soon as a canal (which will be finished in about two weeks) avoiding the rapids at Hustisford shall be completed. Besides the logs at Horicon, 9000 are now delivered at Fond du Lac, and contracts have been made for the delivery this spring of 12,000 more. These, it is estimated, will cut 6,000,000 feet.

In due time, we shall be enabled to make another report, and then look out for a loud one.

THE JAPAN SQUADRON.—Seeing in distant papers, accounts of the recall of Commodore Perry's squadron, we have taken pains to ascertain as nearly as possible, all the facts connected with its anticipated return to the United States. Thus we have every reason to believe that long since, on notifying the Government of his promise to return this spring to Japan to receive the answer of the Emperor to our proposals, the Commodore was instructed to comply with that engagement with all the ships under his command that could be spared from the Chinese seas, and then to return home with all his vessels except a steamer and two sloops-of-war, which are to remain in that quarter as the regular U. S. East Indies squadron. And further, that the returning vessels will come home via the Pacific, touching at San Francisco, and other most important points in the usual Pacific route, thence to the United States. —*Washington Star.*

In the case of Japan our Government has successfully imitated the celebrated historical exploit,

"The King of France with twenty thousand men,
Marched up the hill, and then—marched down again."

After sending all the best vessels in its Navy, manned by picked crews, at an enormous expense on a wild goose chase to the other side of the world, to "open the Japanese Ports"—just as there begins to be a prospect of doing it, it orders them back to Washington.

The results of this outlay may be summed up thus:—

Imprimis—One complimentary letter delivered, for which we have the receipt of the Harbor Master of Naugaski,

Item—One box of garden seeds.

In the meantime, the efficient force of its Navy being thus employed, our Government complains that it has no sea-worthy vessels to transport its troops to California, nor to send to save the lives of those wrecked in the "San Francisco," nor to station at Havana, nor to carry out its Diplomatic Representatives, and so goes to work to incur the additional expense of building six new steam frigates, at a cost of *three million dollars!*—*Alb. Eve. Journal.*

A fine prospect for a rich Lead, was struck a few days since, by the workmen employed by the M. M. & M. Co. near the present rich Diggings a short distance from town, for which we understand they have refused $2,000.—*Mineral Point Tribune.*

AN ACT to amend section thirty-seven, of chapter eighty-four of the Revised Statutes.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SEC. 1. Section thirty-seven, of chapter eighty-four of the Revised Statutes, of this state, is hereby amended so as to read as follows: A final decree of a court of chancery shall have the same operation, force and effect as a judgment at law, from the time of signing and *docketing* such decree, in the manner hereinafter provided.

SEC. 2. The clerks of the circuit courts of the several counties in this state, shall immediately after the signing of a final decree, obtained in a court of chancery, in the several counties in this state, enter in an alphabetical docket, in books to be provided and kept by him, a statement of such final decree, containing:

1st. The names at length of all the parties to such decree, designating particularly those against whom it is obtained.

2nd. The amount of the decree, or the substance of what is required by the decree, to be done with the costs.

3rd. The hour and day of entering such docket.

SEC. 3. If the decree be against several persons, such statement shall be repeated under the name of each person, against whom the decree was obtained, in the alphabetical order of their names, respectively.

SEC. 4. It shall be the duty of the party, his or their solicitor or counsellor, in whose favor a final decree shall have been obtained, to call the attention of the clerk to the provisions of this act, and request him to docket such decree in the manner required by this act.

SEC. 5. A final decree of a court of chancery for the recovery, or payment, of a sum of money when docketed as aforesaid, from the time when an execution might by law be issued thereon shall bind and be a charge upon lands, tenements, real estate and chattels real, for the same period of time, and as though the same were a judgment, and not otherwise.

SEC. 6. This act shall not be so construed as to prevent clerks of the circuit courts, in their respective counties, from docketing final decrees in the same books kept by them for the purpose of docketing judgments at law.

SEC. 7. This act shall take effect from and after its passage and publication.

Approved March 27, 1854.

WHAT HAS THE LEGISLATURE DONE?—This question has been frequently asked, and we have no doubt a large portion of the citizens of Wisconsin suppose the late session of the Legislature was an unusually inactive one. We fear, however, that about the time the tax gatherer appears, they will find out their mistake. The Milwaukee Sentinel publishes a list of 337 Acts, only about one hundred of which are of a General character, while the balance are of a local or private nature, and a large portion of them in direct opposition to the Constitution, which directs general Laws to be passed, and prohibits special Legislation. But the "Acts" that will most sensibly affect the tax payers of the State, are the large amount of appropriations by that body.—According to the figures of the Sentinel, these appropriations, foot up the neat little sum of $269,309 75!! Who will say hereafter, that the Legislature of Wisconsin have done nothing during the late session?—*Elkhorn Reporter (dem.)*

Our list, referred to, was only a continuation, neighbor! The whole number of Acts passed was about 700.

MINERAL POINT RAIL ROAD.—We understand that work has been re-commenced on this road near this place, and that the company design pushing it forward to a completion as fast as possible.—*Mineral Point Tribune.*

WE GIVE IT UP.—We have been shown by Mr. WATSON, of the *Sentinel*, this morning, certified copies of two Appropriation Acts in our favor, of $35 each, for papers furnished during the June session of '53, one signed by the Speaker of the Assembly and the President of the Senate, and the other by the Speaker *pro tem* and the President *pro tem*, and both approved by the Governor.

The *Sentinel*, therefore, was right in stating that two appropriations were made us of $35 each, and the *Wisconsin* was wrong in stating that we were paid for both those appropriations. —*Free Democrat*, Saturday.

Holloway's Ointment and Pills, the best Remedies for the cure of Bad Legs.—Mrs. Heppel, of Blyth, near Morpeth, was afflicted with a dreadfully bad leg, for which she consulted the most eminent medical men in that neighborhood, but it would not yield to their treatment. Her health suffered severely, and the state of her leg was terrible; the ulcers rapidly increased in size, and the pain was most agonizing. In this state she commenced using Holloway's Ointment and Pills, and after continuing them for some short time the leg was completely cured, and she is now in the enjoyment of excellent health. Mr. Wilkinson, druggist, Blyth, vouches for the accuracy of this statement.

All good Housekeepers will be glad to hear of an article that will kill bed bugs, so that they will *stay killed*. The Dead Shot does this entire and complete. A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan 14th.*

☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have course to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

AFFECTIONS OF THE EAR!

DOCTOR HARTLEY, Proprietor of the Ear Infirmary 51 Sansom street, Philadelphia, the only Institution in America devoted exclusively and successfully to the treatment of Ear Diseases, and *the only acknowledged Aurist in the United States*, begs to announce to those of his patients in the vicinity of Milwaukee, with whom he has been in communication, that he has, in compliance with their special request, made arrangements to spend a few days in the city, and may be consulted at his rooms, American Hotel, daily, until the 20th inst.

Hours of attendance from 10 A. M. until 2 o'clock P. M.

Deafness, noise in the head and all disagreeable discharges from the ear speedily and permanently removed, without causing the least pain or inconvenience. A cure in all cases guaranteed, where malformation does not exist.

Thirteen years close and almost undivided attention to this branch of special practice, has enabled him to reduce his treatment to such a degree of success as to find the most confirmed and obstinate cases yield by a steady attention to the means prescribed.

The following testimonials are submitted with confidence. They will show at least in what estimation his professional qualifications are held by some of the most distinguished men the country.

"I have had the pleasure to meet Dr. Hartley in practice, and have been led to form a favorable opinion of his character, both in the profession and as a gentleman."
W. PARKER, M. D., Professor of Surgery, &c.

"His professional abilities will be duly appreciated by those who place themselves under his care."
JOHN R. WHITTAKER, M. D., Professor of Anatomy, &c.

"From my intercourse with Dr. Hartley, I have found his deportment correct and gentlemanly.
VALENTINE MOTT, M. D.

"It is a pleasant duty to give my testimony in favor of the treatment adopted by Dr. Hartley for the cure of deafness. The application is unattended by pain or inconvenience, and its effects almost instantaneous.
H. P. HARDMAN, Counsellor at Law, 13 Chambers st.

"We have known several cases of partial deafness treated by him with the most happy results. Dr. H. is a scientific gentleman, and can produce numerous testimonials of his ability and success in this difficult branch of the medical profession."—*Globe.*

"Persons afflicted by diseases of the ear, are recommended to pay a visit to Dr. Hartley, Aurist, at No. 51 Sansom Street. He is a well educated professional man, and having paid particular attention to the diseases affecting hearing, has acquired from his skill and experience, better means of coping with this serious affliction than those which are possessed by physicians in general practice."—*Dispatch.* ap17tf

NOTICE.

ZINC PAINTS.

THE NEW JERSEY ZINC CO. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in WHITENESS, BRILLIANCY and DURABILITY, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

To Real Estate Agents and others.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.
The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a Fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. I will sell with or without said Stock of Goods. Take the Property together, it is the best and safest investment in the city.
Also several good Improved Farms, near Ann Arbor. Also Two First Rate New Billiard Tables, to exchange for Milwaukee Property.
For further particulars inquire of A. B. VAN COTT, Watch Maker, Milwaukee, or direct to me at Ann Arbor, Michigan. Title Perfect.

apr6 BUFFALO NEW YORK.

THE

BUFFALO EAGLE IRON WORKS CO.

Propose to pay Particular attention to

Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

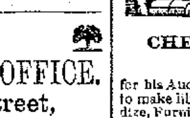

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.
When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimates for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.
When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July, 27, 1852.
This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Fohlman subsequently entered at the peril of his life and closed the doors.
After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.
We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 19, 1852.
This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

PREPARED BY

BANGOR, MAINE.

Proof Positive---Skeptics Read.—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.
Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,
I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named; not wholly for your benefit, but for the benefit of suffering humanity.

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant it*, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.
Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.
The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixir; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poison ousting and temptation of the alder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.
As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.
☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

Dr. Urban's Vegetable Fever and AGUE POWDERS

The only sure remedy ever known for Chills and Fever, as warranted to cure, in all cases, if taken according to directions.
It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.
Read what the Editors of the Louisville Democrat say, from their own observation:
"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—days his health is now as good as for several years and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."
This medicine can be had at the manufactory, Depot, 65 Third St., between Main and Market, Louisville, Ky. wholesale and retail. URBAN & DIDLAKE.
☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have stood in need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.
Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venerial complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.
Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.
The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.
The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.
☞ Office will be kept open from 9 A. M. until 9 o'clock at night.
All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which, he will select from among the mass the following Certificates, viz:—
STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.
VINCENNES, Ind., June 15, 1852.
Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.
ST. LOUIS, June 29, 1853.
Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, but after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.
The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—
ST. LOUIS, September 20, 1853.
Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.
St. Louis, September 29, 1853.
Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had w . . . twenty years ago.
I commenced using the Resto . . . weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the . . . my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,
N. B. HOLMAN.
BLISSFIELD, June 10, 1853.
Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white, (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an intention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.
Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:
OTTAWA, Ill., August 21, 1853.
Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.
